As this is a serial book published annually, it has both ISSN and ISBN. ISSN links to whole series of proceedings based on CBU International Conferences while ISBN links to this specific issue in 2019. Each article has also its own unique permanent DOI link (number) which is located on the first article page. A digital object identifier (DOI) is a unique alphanumeric string to identify content and provide a persistent link to its location on the internet. All DOI numbers begin with a 10 and contain a prefix and a suffix separated by a slash. The prefix is number of four or more digits assigned to organizations; the suffix is assigned by the publisher. DOI should be cited in the form of full http link that includes <http://dx.doi.org/>. All articles were peer reviewed.

## **INTRODUCTION**

We had the great honor of organizing the CBU International Conference 2019 (CBUIC 2019): Innovations in Science and Education in Prague, Czech Republic. It was truly a great pleasure for us to greet a lot of participants from many different countries attending CBUIC 2019! We firmly believe that the conference will become an important international event in the field of cross-industry discussion about innovations in Education and Science.

CBUIC 2019 was organized by CBU Research Institute, ISE Research Institute, and Unicorn College, all located in Prague, Czech Republic. Proceedings were published by CBU Research Institute.

Three cooperating organizations supported the three-day conference. There were 158 papers accepted and another 4 abstracts for presentation at CBUIC 2019, contributed by 401 authors from 22 countries. We had plenary speeches and several well-known scientists and experts, to give invited talks at different sessions.

The purpose of CBUIC 2019 was to provide a forum for the participants to report and review innovative ideas, with up-to-date progress and developments, and discuss novel approaches to the application in the field of their own research areas and discuss challenges of doing science and education.

We sincerely hope that the exchange of ideas on doing research, science and improving education will help the participants, and international cooperation sharing the common interest will be enhanced.

On behalf the Organization Committee of CBUIC 2019, we would like to heartily thank our cooperating organizations for all they have done for the conference. We would also like to thank the authors for their contribution to the proceedings; the participants and friends of CBUIC 2019, for their interest and efforts in helping us to make the conference possible; and the Editorial boards for their effective work and valuable advice, especially the CBUIC 2019 secretariat and the CBU RI staff, for their tireless efforts and outstanding services in preparing the conference and publishing the Proceedings.
