As this is a serial book published annually, it has both ISSN and ISBN. ISSN links to whole series of proceedings based on CBU International Conferences while ISBN links to this specific issue in 2014. Each article has also its own unique permanent DOI number which is located on the first page. A digital object identifier (DOI) is a unique alphanumeric string to identify content and provide a persistent link to its location on the internet. All DOI numbers begin with a 10 and contain a prefix and a suffix separated by a slash. The prefix is number of four or more digits assigned to organizations; the suffix is assigned by the publisher. All articles were peer reviewed.

## **Introduction**

We had the great honor of organizing the CBU International Conference 2014 (CBUIC 2014): Innovation, Technology transfer and Education in Prague, Czech republic. It was truly a great pleasure for us to greet a lot of participants from many different countries attending CBUIC 2014! We firmly believe that the conference will become an important international event in the field of crossindustry discussion about innovations in Education and Science and crossindustry cooperation.

CBUIC 2014 was organized by Central Bohemia University and Unicorn College, Prague, Czech Republic. Proceedings were published by Central Bohemia University.

5 cooperating organizations supported the conference. There were 48 papers accepted for presentation at CBUIC 2014, contributed by over 95 authors from more than 10 countries. We had four plenary speeches and several well-known scientists and experts, to give invited talks at different sessions.

The purpose of CBUIC 2014 was to provide a forum for the participants to report and review innovative ideas, with up-to-date progress and developments, and discuss the novel approaches to application in the field of their own research areas and discuss challenges of doing science and education.

We sincerely hope that the exchange of ideas on doing research, science and improving education will help the participants, and international cooperation sharing the common interest will be enhanced.

On behalf the Organization Committee of CBUIC 2014, we would like to heartily thank our cooperating organizations for all they have done for the conference. We would also like to thank the authors for their contribution to the proceedings; the participants and friends of CBUIC 2014, for their interest and efforts in helping us to make the conference possible; and the Editorial boards for their effective work and valuable advice, especially the CBUIC 2014 Secretariat and the CBU staff, for their tireless efforts and outstanding services in preparing the conference and publishing the Proceedings.
